Subject: InVIZtational - Let The Competition Begin!

The Road Ahead Starts Now

The moment we’ve all been waiting for has finally arrived; it’s time to kick off this year’s InVIZtational competition! Buckle up, charge your dashboards, and get ready to take the wheel, because this year’s dataset puts you in the driver’s seat with **Waymo autonomous ride-hailing service safety impact data**.

Whether you’re ready to navigate trends, steer into insights, or cruise toward visualization glory, this competition is sure to be a smooth ride with a few exciting twists and turns along the way.

The Data

This year’s competition dataset features Waymo autonomous ride-hailing service safety impact data; a great opportunity to explore the intersection of claims, technology, mobility, and risk.

Included in the dataset are data files and supporting documentation to help you get rolling. You only need to use the Waymo dataset provided in your visualization, but you’re welcome to enhance your work by joining in other relevant non-proprietary data sources if you’d like.

Potential additions could include public data related to weather, geography, traffic patterns, infrastructure, or other mobility trends. If it helps drive your story home, go for it.

[Click Here](#) to view the dataset files. A few notes:

- The data dictionary starts on page 11 of the Waymo Safety Impact Dat Hub PDF file.
- Previous data files used a “Location” field, but the new files use a “County”, “County Name”, or “county_name” and sometimes a “State” or “state_name” field. The data dictionary still refers to “location” for some of the fields.
- Original dataset from Waymo can be found by [clicking here](#).

Timeline

5/26 – 6/25	Work individually or as a small group to create your visualization.
6/25	Final entries are due (more on how to submit them coming soon).
6/29 – 7/1	Initial judging takes place to determine top 3 entries.
7/2	Participants will be notified of progress within the competition.
7/7	Dry run of the event with the finalists.
7/9	Main event where a winner will be chosen by our esteemed panel of celebrity judges.

Got Questions?

Don't worry, we expect there to be a few questions. That's only natural for an event this exciting.

You can find answers on the [InVIZtational site](#) (make sure to expand the Competition Participants section). If you can't find what you're looking for, feel free to [email the InVIZtational committee](#).

Between now and the main event, we'll be sending additional communications with timely updates and helpful information. So, shift into gear, put your insights in cruise control, and let's see where the data takes you.

Brought to you by:

Thanks,
