Doesn't want to show. Okay. Anyway, so last year we had many different tools that were used. Tableau, Excel, Python, Power BI, BI Query, PowerPoint, Azure Open AI Studio was used, Angular, Open Layers.

David James Miller 21 minutes 11 seconds

PGR, ChatGPT, the GitHub Copilot, R, JavaScript, Streamlit. So all kinds of different tools. The wedding entry was not a Tableau entry last year. And yeah, definitely, definitely not just a...

David James Miller 21 minutes 47 seconds

And yeah, I just want to echo what Val put in the chat. So this is really an opportunity for you to, you know, learn some things, participate. So don't feel shy about submitting an entry, even if you feel like you haven't done exactly what you wanted to do.

David James Miller 22 minutes 7 seconds
